

## COVID Financial Assistance from the SBA

Hello,

We at DCO Commercial Floors fully understand how difficult things have been over the past month or so, in both our personal lives and for our businesses. As a business, just like you, we also understand that there can be financial burdens created by any crisis and we'd like to offer some guidance on where you may go for help if necessary.

Please see the links to the Small Business Administration (SBA) at the bottom of this email to learn how to get financial assistance that may be very helpful to your business.

We are all in this together. We will continue to monitor the COVID-19 situation and will follow guidance from public health officials and government agencies, so we can continue to support our sub-contract installation crews, customers, co-workers, and communities as needed.

Thank you all for your hard work and professionalism! Please stay safe

and don't hesitate to reach back out to us by replying to this email if you have questions or need further assistance.

Sincerely,

Jeremy Prather  
Field Operations Manager
